課程名稱 Course name：阿拉伯文二上

課號 Course number： 102 22721

學分數 Credit hour： 3 (每學期授課滿 18 小時為 1 學分)

### 課程概述 Course Description

This course is designed for students who have already completed basic Level of Arabic. This is a continuation course towards achieving proficiency at the intermediate level, in listening, speaking, reading and writing of Modern Standard Arabic. Students learn frequently used sentence patterns that allow them to communicate on an intermediate level and which support their development in both reading and writing.

The students will pick up the development of their language skills from where they finished during the previous semester. The learners will be moving with their learning at a more accelerated pace and will be dealing with more complex linguistic issues and lengthier texts. Expanding students' vocabulary repertoire will naturally go hand in hand with improving on the four linguistic skills of listening, reading, writing and speaking.

The students will continue to systematically listen to recorded texts, reading written productions of these texts, learning specific intermediate vocabulary and building up an additional vocabulary repertoire of about 500 words. Listen to recorded texts with a higher level of comprehension. Reading and written texts with natural speed accompanied by a higher level of comprehension. Writing short compositions modeled on studied texts, with personalized ideas and facts. Continue to practice verbally short dialogues related to basic social life situations.

### 課程目標 Course Objectives

The objective in this level is to give students more in depth background about daily life issues and endow them with proficiency and mastery of the language skills critical to realistic pursuits of life. At this level, we will go through topics such as: travelling, shopping, how to read Arabic newspaper, renting house, weather report, finding job, and importance of Arabic language. The student able to run discuss about the previously mentioned themes.

By the end of the course, students should have internalized the general principles of word formation, become able to recognize roots and patterns use the dictionary with ease. Students are expected to improve on their communication skills beyond the simple short sentence format.

At the end of this course the students will be able to recognize compound sentence structures and will be able to formulate questions and answers pertaining to various activities

such as mentioned above.
