

開授課程大綱

*課程大綱包括:修課條件、課程目的、課程內容、上課方式、成績評量、參考書目...等

課程名稱	文化心理學專題 <u>3</u> 學分		
上課時間		上課地點	
課程目標	Culture affects how people understand each other and act in relation to each other. The primary objective of this course is to examine the ways in which psychological processes differ across cultures, and to explore some of the reasons underlying these differences. This course also aims to provide students with the skills necessary to conduct their own research on topics related to cultural psychology.		
課程概述	This course examines individual psychological processes across and within various cultures. Students will have the opportunity to learn and interpret the latest research in cultural psychology, including topics related to the influence of cultural factors on self, identity, emotion, and well-being.		
課程要求	Weekly readings, participation in research projects, class attendance, in-class participation		
Office Hours	By appointment		
指定閱讀	Empirical articles (list to be announced in class)		
參考書目	Handbook of Cultural Psychology		
評量方式	Reading presentations (25%), hands-on research projects (35%), in-class discussion (40%)
