課程大綱：

本課程的授課對象以臨床組研二準備選修碩士論文的學生為主，學程為一年，上下學期各為二學分課程。課程的內容將以選修學生的研究興趣為主題，使用教材係由任課教授依學生之程度彈性指定。授課型態以討論為主，修習學生必須主動參與，且研讀指定的文獻教材。

課程名稱：臨床心理學特論（英文課程大綱）：

Proseminar on Clinical psychology-I

Objectives and Contents:

This is a special seminar for graduate students majored in Clinical Psychology. The themes and topics will relate to the research interests of the attendee, and will mainly focus on some particular topics such as depression, trauma and PTSD, nonverbal emotions and psychological disorders, and psychological aspects of internet addiction. Students are required to read and present relevant articles from a particular research area, and to report on their own ongoing research projects.

Prerequisite: Permission from the instructor is required prior to enrollment.
