99 學年度第 2 學期

專題研究 (Independent Study) 課程計畫

課程概述：

協助博士班研究生在進行博士論文前所擬進行之研究主題作進一步深入的探討，根據理論及過去實證研究結果，學習建立具合理且可行之研究架構。

This course is designed to assist PhD student to explore the specific research issue and to develop the research proposal for the further study. The students will be guided to establish research framework based on the theory and evidence based data.

課程目標：

對於博士班研究生有興趣之研究主題進行文獻查證，資料收集、資料分析，並完成一份以發表格式撰寫之期末書面報告。

This course aims to help students to conduct literature review in the specific research issues and to develop critical thinking during analyzing contents of literature reviews, and to write up the research proposal. The students will be guided to learn how to critic their research proposal to improve the quality of proposal.
